Wed.

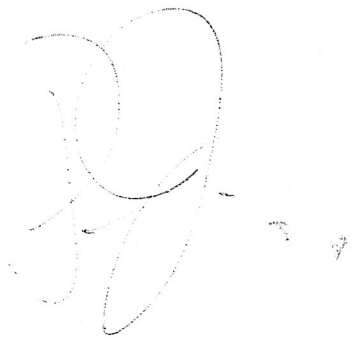
Harold,

Fine letters from you. I certainly agree re Ramparts. They are no more committed than any of the others--just after a name.

I have all the cameras you can possibly need. Don't bring any. I have polarid-35mm 4x5 crown graphic etc.

We will have Shirley here if she will come.

There are about 6 you need to meet--and they want to meet you.

Come on friend.


Sincerely,
